# INDEX OF AUTHORS AND SUBJECTS.

## VOL. XLIX.

Accommodation, A New Apparatus for Testing, (Harvey J. Howard) 182
Affections of the Eye from Diseased Teeth in their Relation to the Lymphatic System, (Kaethe W. Dewey) 367
Aphakia Following Secondary Glaucoma, Associated with Dislocated Lens in the Vitreous, (H. H. Tyson) 338

BEST, HARRY, "The Blind," Review of, 549
Book reviews, 548
BOOKWALTER, C. F., Intranasal Dacryocystostomy, 568
Buphthalmus, with Subnormal Tension, (A. Edward Davis) 338
BUTLER, T. HARRISON, A Tonometric Chart, 227; The Ring Magnet, 247

Canthus, Malformations at Outer, 547
Capsulotomy, New Procedure for, (A. E. Ewing) 520
Cataract, Infections after Extraction of, (T. Harrison Butler) 541
Cataract, The Capsule in Extraction of, (Edward Jackson) 275
Cavernous Sinus, Aneurism of, (Malcom Hepburn) 234
Cavernous Sinus, Thrombosis of, (A. J. Herzig) 633
CHANCE, BURTON, Neuropathic Keratitis Setting in Long after Alcoholic Injections into Gasserian Ganglion for Relief of Trigeminal Neuralgia, 621
Chorioretinitis, A Case of Recurrent, Brought about by a Series of Different Ætiological Factors, (C. E. Finlay) 430
Choroid, Melanoma of, (F. Moore) 102
Choroidoretinitis, Disseminated, (R. D. Batten) 102
CLAPP, C. A., Atypical Albuminuric Retinitis, 98
Coats's Disease, An Atypical Case of, (L. W. Crigler) 287
Conjunctiva, Fusiform Bacilli on the, and in the Meibomian Glands, (S. R. Gifford) 477
Conjunctiva, Initial Development of Papillary Bodies in the Human, (Kazuo Hiwatari) 283
Cornea, Enlarged, in Goldfish, (C. H. Usher) 538
Cornea, The Optics of the, (G. W. Vandegrift) 421
CRIGLER, L. W., An Atypical Case of Coats's Disease, 287
CURRAN, E. J., A New Operation for Glaucoma Involving a New Principle in the Ætiology and Treatment of Chronic Primary Glaucoma, 131
Cyclopia, Its Bearing upon Certain Problems of Teratogenesis, and on Normal Embryology, with a Description of a Cyclocephalic Monster, (Emory Hill) 597

Dacryocystostomy, Intranasal, (C. F. Bookwalter) 568
DERBY, GEORGE S., Medical Social Service and Follow-up Work in the Eye Hospital, 495; Ocular Manifestations Following Exposure to Various Types of Poisonous Gas, 119
DEWEY, KAETHE W., Affections of the Eye from Diseased Teeth in

DEWEY, KAETHE W.—*Continued*
their Relation to the Lymphatic System, 367
Diabetes and the Eye, Discussion on, 541
DOLMAN, PERCIVAL, The Maddox Multiple Red Rod, Some of its Optical Defects, 194
DUANE, ALEXANDER, Some Theoretical and Practical Points in Refraction Work, 349; Suggestions for a Postgraduate Course in Ophthalmology, 17
DUNN, JOHN, The Pupillary Symptoms in a Case of Embolus of the Central Artery of the Retina, with Especial Reference to the Primary Reflex, 191

Electricity, Changes in Retinal Vessels after Flash of, (F. A. Juler) 101
ELLIOT, Col. R. H., letter from, 655
EWING, A. E., Capsulotomy by a New Procedure, 522
Exophthalmus, Pulsating, of Sixty-five Years' Standing, (H. Grimsdale) 324
Exophthalmus, Pulsating, with Ligation of Ophthalmic Vein, (W. P. Eagleton) 638
Exophthalmus, Unilateral Postural, (L. W. Crigler) 630
Eye and the Endocrine System, (Percy Fridenberg) 485
Eyelids, Plastic Operation for War Injuries of the, (John M. Wheeler) 35

FINLAY, C. E., A Case of Recurrent Chorioretinitis Brought about by a Series of Different Ætiological Factors, 430
Foreign Body, Intraocular, (L. W. Crigler) 339
Forms, Visual Perception of Solid, (E. M. Eaton) 102
FOSTER, MATTHIAS LANCKTON, Transient Herpetic Rash Over the Area of the Distribution of the Ophthalmic Branch of the Fifth Nerve, Following Applications of Bluestone in a Case of Parinaud's Conjunctivitis, 628
FOX, L. WEBSTER, "A Practical Treatise on Ophthalmology," Notice of, 548
FRANCIS, LEE MASTEN, The Removal of Magnetic Foreign Bodies from the Vitreous, 198
FRIDENBERG, PERCY, The Eye and the Endocrine System, 485

Gases, Ocular Manifestations Following Exposure to Various Types of Poisonous, (G. S. Derby) 119
GIFFORD, SANFORD R., Fusiform Bacilli on the Conjunctiva, and in the Meibomian Glands, 477
Glandular Therapy, Discussion on, (Walter Timme) 334
Glaucoma, A New Operation Involving a New Principle in the Ætiology and Treatment of Chronic Primary, (E. J. Curran) 131
Glaucoma after Anterior Uveitis, (A. Edward Davis) 337
Glaucoma, Discussion on, 340
Glaucoma, Non-Operative Treatment of, (John Rowan) 539
Glaucoma, Observation in One Hundred Cases of Primary (Acute Congestive and Subacute), under Treatment at Moorfields during the Past Four Years with Comparison of Visual Results, (Charles Maghy) 390
Glaucoma, Regarding the Ætiology and Diagnosis of, and the Control of the Disease by Miotics, (Wm. Campbell Posey) 293
Glaucoma, The Operative Treatment of, (John E. Weeks) 316
Glaucoma, The Tonometry of, (William McLean) 301
Glaucoma, Visual Fields in, (Luther C. Peter) 309
Glioma, (Bishop Harman) 325
Glioma, A Report of a Case of Bilateral, unsuccessfully Treated with Radium, (A. Knapp) 575
Glioma, Bilateral, (A. E. Davis) 638
GRADLE, HARRY S., A Case of Cavernous Lymphangioma of the Orbit, 520
GREEN, F. W. EDRIDGE, "The Physiology of Vision, with Special Reference to Color-Vision," Review of, 550

HARTRIDGE, G., "The Ophthalmoscope," Review of, 548
HAZEN, E. H., Ocular Orientation: A Function of the Eyes. Its Importance in Ophthalmology; its

HAZEN, E. H.—*Continued*
Dependence on the Muscular System, 434; The Motor Muscles of the Eye, their Pathology in Asthenopia, 70
Herpes Ophthalmicus, (G. W. Roll) 546
Herpetic Rash, A Transient, over the Area of Distribution of the Ophthalmic Branch of the Fifth Nerve, Following Application of Bluestone in a Case of Parinaud's Conjunctivitis, (Matthias Lanckton Foster) 628
HILL, EMORY, Cyclopia, Its Bearing upon Certain Problems of Teratogenesis, and of Normal Embryology, with a Description of a Cyclocephalic Monster, 597
HIWATARI, KAZUO, Concerning the Nature of Trachoma, together with a Contribution to the Normal Histology of the Conjunctiva, 82; On the Initial Development of Papillary Bodies in the Human Conjunctiva, 283
HOWARD, HARVEY J., A New Apparatus for Testing Accommodation, 182; Tenotomy of the Inferior Oblique, 381
Hypophysis, Radium and X-Rays in Tumors of the, (Douglas Quick) 256

Iris, Cyst of the, (McMullen, W H.) 546
Iris, Implantation Cyst of, (Martin Cohen) 110
Iris, New Formed Vessels on the, (G. Winfield Roll) 323
Iritis, after Reese's Resection, (S. A. Agatson) 340
Iritis, from Gonorrhœa, Cure of, (S. H. Browning) 325

JACKSON, EDWARD, The Capsule in Cataract Extraction, 275
JANEWAY, HENRY H., The Therapeutic Use of Radium in Diseases of the Eye, 156

Keratitis from Powder, (G. Potts) 233
Keratitis, Interstitial, Following Advancement Operation, (L. W. Crigler) 339
Keratitis, Interstitial, Following Injury of Cornea from Foreign Body, (Edgar S. Thomson) 340
Keratitis, Neuropathic, Setting in Long after Alcoholic Injections into Gasserian Ganglion for Relief of Trigeminal Neuralgia, (Burton Chance) 621
KNAPP, A., Bilateral Glioma, Report of a Case unsuccessfully Treated with Radium, 575

Lid, Perithelioma of the, (R. S. Charsley) 545
Lid Repair, Epithelial Inlay and Outlay in, Illustrated, (S. Hanford McKee) 30
Literature, Reports on General Ophthalmological, 642
LUEDDE, W. H., Notes on Vernal Conjunctivitis, 43

Macula, Bilateral Changes in the, (Parsons) 105
MADDOX, ERNEST, Letter on the Rod Screen Test, 229
Maddox Rod, Some of its Optical Defects, (Percival Dolman) 194
MAGHY, CHARLES, Observations on One Hundred Cases of Primary (Acute Congestive and Subacute) Glaucoma under Treatment at the Royal London Ophthalmic (Moorfields) Hospital during the Past Four Years, with a Comparison of Visual Results, 390
McGUIRE, HUNTER H., Uveitis, Dependent upon Focal Infection in the Appendix, 500
McKEE, S. HANFORD, Epithelial Inlay and Outlay in Lid Repair Illustrated, 30
McLEAN, WILLIAM, The Tonometry of Glaucoma, 301
Megalo- and Microcornea, (Treacher Collins) 538
Motor Muscles of the Eye, Pathology of, in Asthenopia, (E. H. Hazen) 70

Naso-Lacrimal Surgery, in Ophthalmological Perspective, (Clifford B. Walker) 585
Neuralgia, A Case of Trigeminal, (Charles W. Stevens) 175
Neurofibromatosis, (A. W. Ormond) 545
New York Academy of Medicine, Reports of Proceedings of the Section on Ophthalmology of the, 110, 237, 329, 444, 526, 630

Oblique, Tenotomy of the Inferior, (Harvey J. Howard) 381
Occipital Lobes, Gunshot Wound of Both, with Eye Trouble, (N. B. Fleming) 324
Ophthalmic Physicians, needed for Advance of Ophthalmology, (Rayner D. Batten) 106
Ophthalmic Physicians, Discussion on, 234
Ophthalmological Education, (J. B. Story) 537
Ophthalmological Society of the United Kingdom, Meeting of, 244; Report of Annual Meeting of the, 536
Ophthalmology, Postgraduate Teaching of, (Meyer Wiener) 9
Ophthalmology, Reports on the Progress of, 427, 642
Ophthalmology, Suggestions for a Postgraduate Course in, (Alexander Duane) 17
Ophthalmology, Suggestions Regarding the Teaching of, (F. H. Verhoeff) 1
Ophthalmology, Teaching of, Discussion on, 112
Optic Atrophy, with Hysterical Symptoms, (E. M. Alger) 331
Optic Disk, Pigmented Connective Tissue on, (L. V. Cargill) 101
Optic Nerve, Successful Removal of the Orbital Portion of the, for a Primary Intradural Tumor, with Preservation of the Eye and Motility by Kroenlein's Method, (R. G. Reese) 515
Optic Nerve, Tumor of, (J. F. Caruthers) 103
Optic Neuritis, Bilateral, from Tonsillar Infection, (George H. Bell) 335
Orbit, Cavernous Lymphangioma of the, (H. S. Gradle) 520
Orbits, Bullet Wound of Both, (B. W. Key) 635
Orientation, Ocular: A Function of the Eyes. Its Importance in Ophthalmology; its Dependence on the Muscular System, (E. H. Hazen) 434
Oxford Ophthalmological Congress, Report of, 346
Oxycephaly, (K. Schlivek) 636

Penetrating Wound of Eye Treated with Anti-Diphtheritic Serum, (B. W. Key) 635
Peter, Luther C., Visual Fields in Glaucoma, 309
Pituitary Body, (J. Herbert Parsons) 100
Pituitary Body, Hypertrophy of the, (Ward A. Holden) 332
Pituitary Disorders, Non-Surgical Treatment of, (Walter Timme) 268
Posey, Wm. Campbell, Regarding the Ætiology and Diagnosis of Glaucoma and the Control of the Disease by Miotics, 293
Pupillary Symptoms in a Case of Embolus of the Central Retinal Artery, with Special Reference to the Primary Reflex, (John Dunn) 191

Quick, Douglas, Radium and X-Rays in Tumors of the Hypophysis, 256

Radium in Ophthalmic Practice, Discussions on, 238, 334
Radium, Therapeutic Use of, in Diseases of the Eye, (Henry H. Janeway) 156
Rectus, Recurrent Paralysis of External, (M. J. Leavitt) 110
Reese, Robert G., Successful Removal of the Orbital Portion of the Optic Nerve for a Primary Intradural Tumor, with Preservation of the Eyeball and Motility, by the Kroenlein Method, 515
Refraction Work, Some Theoretical and Practical Points in, (A. Duane) 349
Relation of Ophthalmic to General Diseases, Poisons, Reports on, 644
Retina, Detachment of the, (Derrick T. Vail) 553
Retina, Detachment of, with Unusual Conjunctival Conditions, (G. Potts) 233
Retina, Discussion on Detachment of the, 639
Retina, Embolism of Central Artery of the, (George H. Bell) 631
Retina, Further Experiences with Trephining and Aspiration in Detachment of the, (E. S. Thomson) 563
Retina, Macular Detachment of, (A. Hugh Thompson) 323
Retina, Macular Hole in the, (John Guttman) 634

Retina, Results Obtained with Mueller's Resection of the Sclera in Detachment of the, Due to High Myopia, (E. Török) 506
Retina, Thombosis of Central Vein of the, (George H. Bell) 632
Retinal Hemorrhages, Recovery from, with High Lysis, (J. H. Claiborne) 237
Retinitis, Atypical Albuminuric, (C. A. Clapp) 98
Retinitis Proliferans, (George H. Bell) 336
Ring Magnet, (T. Harrison Butler) 247
Rod Screen Test, Letter on the, (E. Maddox) 229
Royal London Ophthalmic Hospital, Appeal for Funds, 652
Royal Society of Medicine, Reports of Transactions of the Ophthalmological Section of the, 100, 233, 323, 455, 545

SCHAEFER, J. PARSONS, "The Nose and Olfactory Organs," Review of, 549
SCHOENBERG, MARK J., Remarks on Diagnosis and Treatment of Luetic Involvement of the Optic Pathways, 204
Socket, Plastic Operation on, (R. R. Cruise) 105
Stereopsis, Routine Office Measurement of, (David W. Wells) 64
STEVENS, CHARLES W., A Case of Trigeminal Neuralgia, 175
Syphilitic Involvement of the Optic Pathways, (Mark J. Schoenberg) 204

THOMSON, EDGAR S., Further Experiences with Trephining and Aspiration in Retinal Detachment, 563
TIMME, WALTER, Non-Surgical Treatment of Pituitary Tumors, 268
Tonometric Chart, (T. Harrison Butler) 227
TÖRÖK, E., Results Obtained with Mueller's Resection of the Sclera in Detachment of the Retina Due to High Myopia, 506
Toxæmias, Discussion on Injurious Effects on the Eyes from, 526
Toxæmias, Effect of the Various, upon the Eyes, (W. H. Wilmer) 461
Trachoma, Nature of, together with a Contribution to the Normal Histology of the Conjunctiva, (Kazuo Hiwatari) 82
Trigeminal Neuralgia, 238

Uveitis, Dependent upon Focal Infection in the Appendix, (Hunter H. McGuire) 500

VAIL, DERRICK T., Detachment of the Retina, 553
VANDEGRIFT, GEORGE W., The Optics of the Cornea, 421
VERHOEFF, F. H., Suggestions Regarding the Teaching of Ophthalmology, 1
Vernal Conjunctivitis, (W. H. Luedde) 43
Vitreous, Removal of Magnetic Foreign Bodies from the, (Lee Masten Francis) 198

WALKER, CLIFFORD B., Naso-Lacrimal Surgery in Ophthalmological Perspective, 585
WEEKS, JOHN E., The Operative Treatment of Glaucoma, 316
WELLS, DAVID W., Routine Office Measurement of Stereopsis, 64
WERNER, LOUIS, "Swanzy's Handbook of the Diseases of the Eye," Review of, 549
WHEELER, JOHN M., War Injuries of the Eyelids, Plastic Operations for, 35
WIENER, MEYER, Some Suggestions in Postgraduate Teaching of Ophthalmology, 9
WILMER, W. H., The Effects of the Various Toxæmias upon the Eye, 461
Wood Alcohol, Blindness and Death from, (J. H. Claiborne) 329

X-Ray Findings, (H. M. Imboden) 333
